Review of open action items: -

*Action Items from IAC minutes January 2018*

1. Rio Scale:  
**ACTION ITEM:** DF and JE to get together to consider how Rio 2.0 connects with post-detection activities. **OPEN**  
JE reports that the discussion is still being refined, JE will contact DF to reinitiate.
2. FAST:  
**ACTION ITEM:** AS to circulate the presentation to PC members. **OPEN**
3. SETI Protocols:  
**ACTION ITEM:** AS to circulate LT's presentation to the membership. **OPEN**  
**ACTION ITEM:** LT and DF to generate a 2018 update of the Protocols to be presented to the SETI PC for approval at their next meeting of the IAC 2018. **OPEN**

4. Millimetron

**ACTION ITEM:** AS to circulate the presentation to PC members. **OPEN**

5. Upcoming SETI related meetings

**ACTION ITEM:** CO will engage with session E1.9 chairs NbH in order to ensure these matters are properly coordinated in future. **OPEN**

6. New Members

**ACTION ITEM:** QUORUM

This issue raised the question of what kind of quorum was required in order for the membership to make key decisions (e.g. member appointments). Given the wide variance in meeting attendance (including face-to-face meetings), it was suggested that quorum within the exec was one important aspect to be considered.

**ACTION ITEM:** CM together with the Exec Committee will present to the membership a proposal on defining quorum for the PC. **OPEN**

**ACTION ITEM:** DEFINITIONS - the PC will review the process for appointing and re-appointing members at its next meeting. **OPEN – IAC**

There was some discussion on the process of appointing new members. Some suggestions included... the need for there to be a clear commitment from new members to be active within the PC. A call for new members should be made, and applications should be accompanied with a CV and a short statement from the member. The deadline for new members should be at least 2 weeks before the f2f IAC meeting in September/October.

**ACTION ITEM:** CM together with the Exec Committee to present to the membership (in Bremen) a process on how new members are appointed. **OPEN – IAC 2018**

7. *New IAC site*

Need volunteer (s) to handle social media and engage. Need social media focus...Danny Price and Steve Croft currently handle Breakthrough social media.

**ACTION ITEM:** EE will talk to colleagues at Breakthrough to see if they could take this on - **OPEN**

8. Post Detection:

**ACTION ITEMS: ALL OPEN**

- a. CM to ensure Post-Detection will appear on the agenda at the IAC 2018 meeting.

- b. CM will arrange for a meeting room to be organized for interested PC members to consider how Post-detection activities can be rejuvenated.
  - c. JE will submit an abstract for PDC ideas and plan of action, for the IAC 2018.
  - d. JE/DH to explore how to re-energize activity in PD issues, communicating with the larger membership. An active chair of any potential working group should be identified.
  - e. CM to organize meeting with Jean-Michelle Contant regarding the creation of new WGs.
9. Protection of Farside:  
**ACTION ITEM:** MAG to put CM in touch with groups such as CRAF – **OPEN**
10. SETI does not have a journal, is it possible?  
**ACTION ITEM:** CM will pursue the possibility of a SETI journal for Bremen discussion. JE will help with ideas around journal organization. **OPEN**

Any Other Business - **OPEN**

Next scheduled meeting date & time

2018 July 12? 2200 UTC OR JULY 5???
