

IAA SETI Committee - chair's report

Mike Garrett on behalf of IAA SC Executive

Sir Bernard Lovell Chair of Astrophysics & Director of Jodrell Bank Centre for Astrophysics,
University of Manchester.

Int. Academy of Astronautics, SETI Committee chair.

Update since IAC 2023

- Process of harmonisation on membership lists has not made much progress - there are still a few outstanding issues that remain to be resolved.
- Awaiting new Terms of Reference for IAA Committees - expectation is that these will be adopted soon.
- We need the new ToR before new members can be elected.
- IAA SC chair has dutifully attended all meetings of IAA Basic Sciences Com.1. & Standing Com. On Science Activities.
- IAA SC member Steve Croft, Danniela de Paulis & Vishal Gajjar were elected to be an IAA Corresponding member.
- IAA SC members Steve Croft and Vishal Gajjar are now co-editors of Acta Astronautica.
- Significant progress has been made in generating an updated version of the Post-detection Protocols (see later in the agenda).

IAC 2024 & 2025

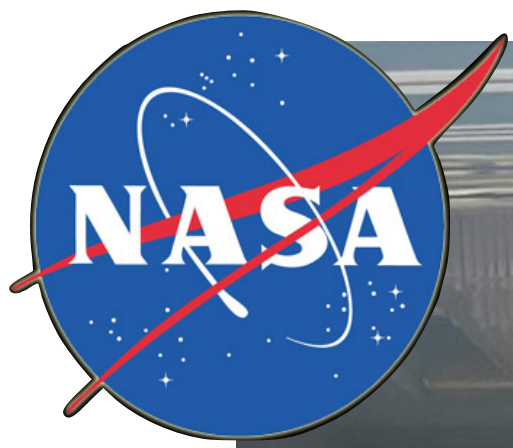

- IAC 2024 Sessions have been well attended.
- Preparations are in hand for IAC 2025 in Sydney, Australia.
- IAA 2025 Symp. - Application submitted to IAF.
- IAA 2025 Symp. - Proposed SETI Session Coordinators - Mike Garrett and Carole Oliver.
- IAA 2025 Symp. - Session chairs: Chenoa Tremblay & Danny Price (A4.1) and Kate Genevieve & Rebecca Charbonneau (A4.2).
