

Feedback Process – PDP 2024 Update

Mike Garrett on behalf of IAA SC Executive

Sir Bernard Lovell Chair of Astrophysics & Director of Jodrell Bank Centre for Astrophysics,
University of Manchester.

Int. Academy of Astronautics, SETI Committee chair.

Leadership & Process

- Process led by the IAA SETI Committee (SC) Executive with expert input: Les Tennen (SC member and IAA BoT) and Kathryn Denning (SC member).
- Multi-stage process of consultation:
 1. IAA SC membership, incl. CEO of Breakthrough Initiatives and SETI Institute.
 2. Wider SETI community.
- Methods: (i) e-mail and/or (ii) Google form survey.
- Feedback timeline for members:
 - Duration: 1 month for comments after email details and survey form distribution,
 - Feedback via both email and survey forms will be anonymous.

Process (cont)

Revising the PDP Draft:

- Comments will inform a new draft,
- Goal: New PDP draft by January 2025.

Broader consultation:

- Additional feedback from:
 - IAA SETI community@iaaseti.org email distribution list (325 people).
 - Other individuals/organisations: e.g. Order of the Octopus.
- Method: anonymous email and online survey (as before)
- Goal: New PDP draft by May 2025.

Process

- Mid-2025: Present final draft to the IAA SETI Membership
 - Format: Meeting via Zoom
 - Voting: Online poll open for several days
 - Approval: Simple majority of votes cast.
- If approved by membership: Notify key IAA Officials:
 - IAA Board President, IAA General Secr., VP of IAA Sci. Activities Committee, Chair of IAA Basic Sciences section.

Process

- Public Presentation
 - Presentation Goal: IAC 2025 in Sydney, Australia.
