Feedback Process – PDP 2025 Update

Mike Garrett on behalf of IAA SC Executive

Sir Bernard Lovell Chair of Astrophysics & Director of Jodrell Bank Centre for Astrophysics,
University of Manchester.

Int. Academy of Astronautics, SETI Committee chair.

Process since last meeting

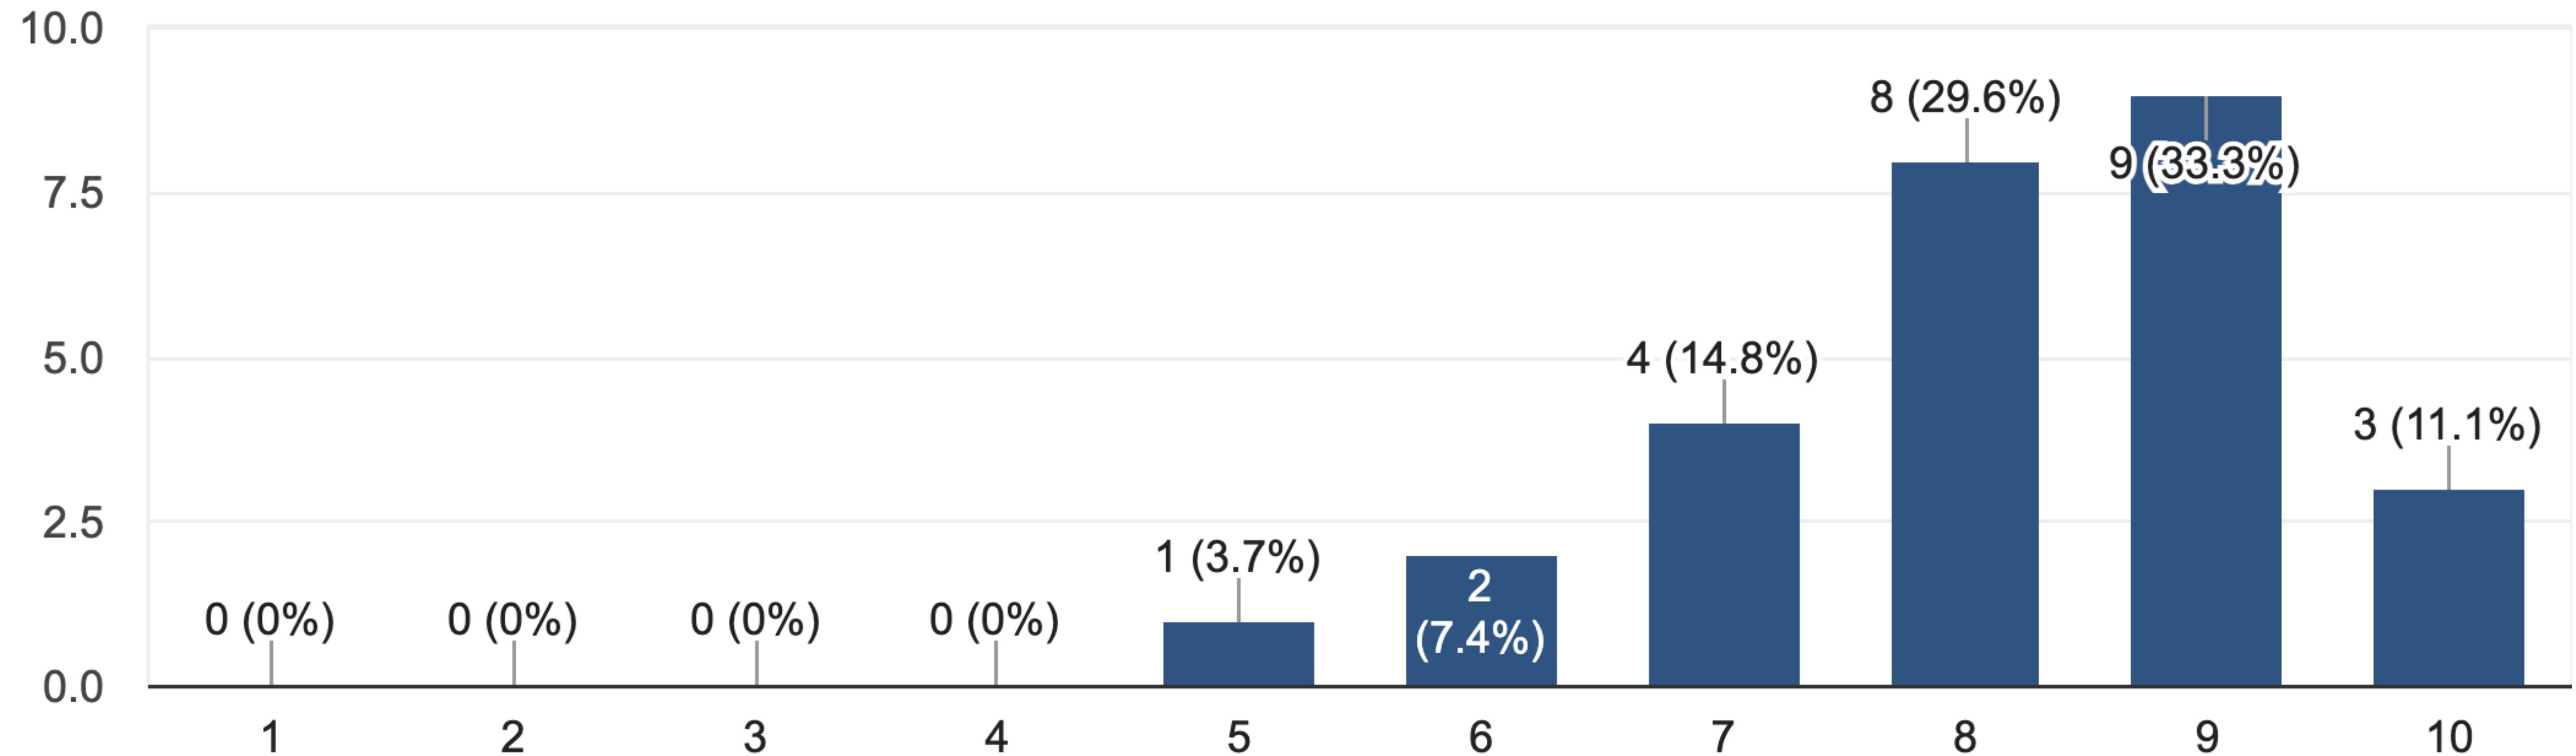

- Process led by the IAA SETI Committee (SC) Executive, and PDP Task Group (Les Tennen, Kathryn Denning, Carol Oliver & MAG).
- IAC Milan 2024: First full draft of Revised Declaration presented (Tennen et al. 2024) both at the public IAC and IAA SETI Committee (SC) meeting.
- Goal was to have a final version by mid 2025... formal vote before IAC 2025...
- IAC Sydney 2025: Latest draft presented at IAA SETI Session A4.2 (Garrett et al. 2025).
- Multi-stage process of consultation in the spring 2025 (IAA SC Membership) and summer 2025 (Wider SETI Community, incl. OotO, SETI Post-Detection Hub and IISL Space Law SETI & Law Working Group).
- Background materials included: Draft, comparison doc (2010 vs 2025), background papers.
- ~ 20% response from Membership and Community via Google forms.
- Community feedback - Strong support: > 70% rated the draft 8+/10.

Community feedback

How satisfied are you with this draft document?

Process going forward

- One final round of comments on the September 2025 draft will be invited from the IAA SETI Committee Membership.
- A formal, anonymous online vote will be organised in Nov 2025 — e.g. using a secure platform such as “Helios”.
- Members will be asked to vote **Yes** or **No** on the approval of the final draft Declaration of Principles.
- An optional online meeting may be held in advance of the vote, should members find it beneficial for final discussion.
- The document will be approved on the basis of a **simple majority** of the votes cast.

Process going forward (cont)

- Assuming the final draft Declaration of Principles are approved:
 - Submission to IAA Board of Trustees for their endorsement (end of year 2025)
 - Public presentation at IAC 2026.
 - Launch of supporting work.

And finally...

- **Thanks to everyone who has contributed to this process!**
 - The IAA SC Post-Detection Task Group (Kathryn, Carol & Les)
 - The IAA SC Membership & Executive
 - The Wider SETI Community...
